

# 2025 CONQUER

Updated: 12/1/2025

Please refer to the [Conquer Guidebook](#) for detailed instructions about the race. Please review and let us know if you have any questions. Thanks again for supporting this crazy concept.

## NOTES

1. We have now reserved the entire Hike Inn parking area for the event, so we have 16 crew spots next to the start/finish area and the parking area just below. Please review the base plan and come early for these spots. No visitors or family cars in this area. They must park up at the lodge parking and walk down, unless they are crewing you.

## 2. Cold! Wet Cold! and More Cold!

Be prepared. Keep an eye on the weather, it could be anything. We will be providing a warming tent at the start for all runners. Hot water will also be provided.

3. Gates open at 5:00am for you to set up and there are no park fees to pay.

4. Get checked in right away to save time.

We have a 150-runner marathon going on the same day starting at 9:30am, so you will not be alone for a couple of laps. The Hike Inn parking area is just for the Conquer Event.
